What Is this Friends Group?

The Friends of Webster County Conservation is a non-profit organization of people who, like you, are concerned with preserving our natural areas and are concerned about providing opportunities for people to interact and learn about our natural environment.

Mission Statement

*The mission of the
Friends of Webster
County Conservation
is to provide awareness,
appreciation, and the
preservation of
Webster County's
natural resources
for future
generation.*

Become a Steward of the Land

On a September evening in 2004, a group of concerned citizens gathered in the Bob Heun Shelter at Kennedy Park to discuss the future of conservation and recreation in Webster County. During the discussion a vision emerged – a local investment in the natural resources of Webster County is essential for providing environmental stewardship and recreational opportunities for future generations.

The product of this meeting was a not-for-profit organization known as the “Friends of Webster County Conservation”. The mission of the group is to provide awareness, appreciation, and the preservation of Webster County’s natural resources for future generations. The mission will be accomplished by: 1.)

Encouraging the citizens of Webster County to be good stewards of the land, 2.) Providing educational programming that allows people to interact with the natural environment, and 3.) Creating an opportunity for local citizens to actively participate in the decision-making process for conservation and recreation issues in Webster County.

With your support we are ensuring that Webster County will be a great place to live, work, and play! Become a steward of the land!

“A Friend may well be reckoned the masterpiece of Nature.” Ralph Waldo Emerson

Friends of Webster County

Exists for those individuals and families who:

Care about the natural environment and would like to help preserve it.

Care about expanding the educational and recreational programs for Webster County.

Want to develop a network of supporters and volunteers.

Want to secure supplemental finances to help the mission Webster County Conservation.

BEING a Friend of Webster County Conservation

Entitles you to many added benefits such as:

Friends provide a valuable link between our natural environment and the community.

Friends provide input for programs and future development of events and facilities to meet the needs of the residents of Webster County.

An annual event for members of the Friends Group.

Discounts on fees for environmental programs.

A quarterly newsletter on upcoming events and programs.

Money raised by the Friends group will help to provide better facilities, equipment and programming to be used for environmental education in Webster County.
