## Wellness Activities Continue Through July

The current wellness program “6 Degrees” continues for 4 weeks into July with county sponsored activities each week to help you reach your goals. See below schedule of events and be sure to check your email for updates every week. There are only 4 months left in this wellness program cycle. If you haven’t done so already, please complete your Wellness Assessment online by logging in to [www.mywellmark.com](http://www.mywellmark.com). This will count as one of your \$50 ISAC gift card incentives. You do not need to have lab results to complete the assessment. Be sure to make an appointment also, for your annual physical, pap or mammogram before Oct. 31st for another \$50 incentive! There will be one more wellness program offered, a Webster County Walking Program, which will take place in August.

## Flex Account Mid-Year Migration

There will be a migration from Webster County’s current flex program to the new flex program with Wage Works mid-year effective August 1. The new platform is the latest technology with additional benefits for administrators and members. Please note that there will be a “freeze period” in which members will not be able to use their flex medical or dependent care monies from 7/16-7/30 as they work to transition the funds from the current platform to the new platform. The plan design and benefits are not changing, only the technology platform used to administer the benefit.
